PUBLIC HEARING #1: A local law regulating the use and permitting of a LED and illuminated signs within the Village of Homer in Cortland County, New York

The Mayor opened with the Village Fire Department, Center for the Arts and the American Legion are asking to replace their old signs with the new LED signage. There will be presentations to present the pros and cons of LED signs in the historic district. The Village is looking for a static type of sign, not flashy and not very bright. LED signs could make a positive improvement if done right. This is an informative meeting for a law ruling LED signs.

Privilege of the floor: There are several presentations from residents both positive and negative: Martin Sweeny, Ann Siegle, John Hartsock, Francis Ritter, Donald Ferris Codes Chair is a selection. The conversation contained many thoughts and ideas to help the Village Board create a law that will be for the good of Homer's character. The Mayor wants to remind residents that this is not a final decision and there will be more discussions at future meetings.

On Motion to adjourn by Trustee Clune Seconded by Trustee Finkneiner at 7:10 PM-**All eyes.**

Respectfully Submitted,
Maureen Hoy, Account Clerk
